## INDEX

ARNOLD, B. H. Birkhoff's problem 20 ..... 319
BELLMAN, R., AND BLACKWELL, D. On moment spaces ..... 272
BLACKWELL, D., AND BELLMAN, R. On moment spaces ..... 272
BROWNELL, F. H. Spectrum of the static potential Schrödinger equation over $E_n$ ..... 554
BURGER, E. Über die Dualitätssätze für Homotopieketten ..... 56
CARTWRIGHT, M. L., AND LITTLEWOOD, J. E. Some fixed point theorems ... 1
CHANDRASEKHARAN, K. On the summation of multiple Fourier series, IV .. 198
CHEN, K. T. Integration in free groups ..... 147
DIEUDONNÉ J. On the orthogonal groups over the rational field ..... 85
DOWKER, Y. N. Finite and $\sigma$-finite invariant measures ..... 595
DYSON, F. J. Continuous functions defined on spheres ..... 534
ELLIOTT, J. On some singular integral equations of the Cauchy type ..... 349
FELLER, W. Two singular diffusion problems ..... 173
GARREAU, G. A. A note on the summation of sequences of 0's and 1's .... 183
GOTÔ, M. On local Lie groups in a locally compact group ..... 94
GRAFFI, D. Forced oscillations for several nonlinear circuits ..... 262
GRAVES, R. E. Additive functionals on a space of continuous functions, II 275
GREEN, J. A. On the structure of semigroups ..... 163
GUSTIN, W. Partitioning an interval into finitely many congruent parts .. 250
HASHIMOTO, J. On direct product decomposition of partially ordered sets .. 315
HOCHSCHILD, G. Group extensions of Lie groups ..... 96
HOCHSCHILD, G. Group extensions of Lie groups II ..... 537
IWASAWA, K. Topological groups with invarient compact neighborhoods of the identity ..... 345
KADISON, R. V. Isometries of operator algebras ..... 325
KAWADA, Y. On the derivations in number fields ..... 302
KEESEE, J. W. On the homotopy axiom ..... 247
KUNDERT, E. G. Über Schnittflächen in speziellen Faserungen und Felder reeller und komplexer Linienelemente ..... 215
LITTLEWOOD, J. E., AND CARTWRIGHT, M. L. Some fixed point theorems ... 1
MARCUS, F. On the transformation $T$ of congruences ..... 552
MOISE, E. E. Affine structures in 3-manifolds. I. Polyhedral approximations of solids ..... 506
MOSTOW, G. D. On an assertion of Weil ..... 339
NASH, J. Non-cooperative games ..... 286
PETTIS, B. J. On the extension of measures ..... 186
RAUCH, H. E. A contribution to differential geometry in the large ..... 38
RITT, J. F. Subgroups of differential groups ..... 110
ROBINSON, J. An iterative method of solving a game ..... 296
SERRE, J.-P. Homologie singulière des espaces fibrés ..... 425
SMITH, P. A. The complex of a group relative to a set of generators. Part I. 371
SMITH, P. A. The complex of a group relative to a set of generators. Part II. 403
WHITEHEAD, J. H. C. On the theory of obstructions ..... 68
